

# Costs and Litigation Funding Events Programme 2023

---

We look forward to welcoming you to our 2023 seminars and webinars.

These practical, informal and informative sessions are delivered by our costs and litigation funding experts – drawing on our considerable legal expertise and years of experience.

Some of our events will be held in person and some virtually. Our scheduled seminars will take place at our office in Leeds and webinars will take place over Zoom.

When shaping those sessions, we have taken on board feedback from our previous delegates and built a programme that reflects what you would like to hear about. All our seminars and webinars are tailored to the specific area of law and we invite expert speakers to share their experiences and knowledge.

All of our events are complimentary and there will be the opportunity to put your questions to the team and expert speakers.

We would be delighted if you are able to join us.
