

# Employment and Business Immigration Events Programme 2025

We look forward to welcoming you to our 2025 seminars and webinars.

Designed to support your continued development, these practical, informal and informative sessions are delivered by our employment and immigration law experts – drawing on our years of experience.

The majority of our events will be held virtually. Nearer the time, we will confirm details for each event. For now, you just need to place a reminder in your diary.

All our events are complimentary except for the annual mock employment tribunal.

We would be delighted if you are able to join us and look forward to hosting you.
